

Information Updates from Alberta Education

1. Mathematics Curriculum in Alberta

Information for students, parents and educators to gain a better understanding of mathematics education in Alberta can be found at: <https://education.alberta.ca/teachers/program/math.aspx> .

This site hosts a variety of resources including videos, fact sheets, FAQs and other resources.

Two newly created supporting documents that may be of specific interest and use are:

Bulletin for Teachers; Helping Parents Understand the AB Mathematics K to Grade 9 Program of Studies

https://education.alberta.ca/media/8394320/q-a_teach_eng.pdf

Facts About Mathematics Education in Alberta for Parents

https://education.alberta.ca/media/8394307/q-a_par_eng.pdf

2. Curriculum Redesign

For ongoing updates and information on Curriculum Redesign please visit the Alberta Education website at:

<http://education.alberta.ca/department/ipr/curriculum/about/why-change.aspx>

This website will continue to provide updates and key messages that will enable you to keep students, staff, parents and your community informed.

For specific information on the Curriculum Development Prototyping Process, see the Prototyping Guide" at:

<http://education.alberta.ca/media/7779143/curriculum%20development%20prototyping%20guide.pdf>
