

PROGRAM EVALUATION

Background

Program evaluation provides reliable insights into the quality and effectiveness of the Division's instructional efforts. It also serves to acknowledge the Division's obligation to be accountable to the public for the quality of education provided for students as well as its obligation to ensure that all programs are being offered in accordance with the provincial program of studies.

Division programs will be periodically evaluated to ensure that program objectives are pursued and achieved in an effective and efficient manner.

The principal is accountable for curriculum implementation and for determining the most effective way of providing organized assistance and monitoring the level of implementation. Regular evaluation will be conducted to ensure that the curriculum is having the desired effect for all students. This is to include consideration of data related to student evaluation at the classroom, school, Division or provincial level whichever is appropriate. The principal and staff will cooperate and make use of other Division personnel who may assist them in the evaluation process.
